Dear Rodger:

This letter is to let you know that Milbank Mfg.. Co. will be shut down for the holidays starting 12/23/00 and will be returning to work on 1/2/01.

As you know, our current IWP Permit (#0998-15) requires us to test for Zinc once a week. Since we will not be here the week ending 12/30/00, we will not have a Zinc test result to report for that week.

We will start production on 1/2/01 and will resume our testing schedule at that time.

Happy Holidays,

Sincerely,
